LOCAL

Provision International strives to be a conduit of God's truth, love, and resources to people in need both here, in the USA, and in other parts of the world. Conduit is a natural channel through which something is conveyed. The provisions we receive, whether it be finances or other items, are tools to convey the love of Jesus to the people He puts in our pathway.

Recently, a family donated a car to us. It was in great condition, and according to the mechanic it could easily go 200,000 miles more with no problem. Just before the car was donated, the Lord brought to our attention a very special local family. This family has adopted seven kids and having three kids to begin with, you could easily say they have a full house and

the need for a vehicle is immense. After praying for God's direction, we felt this should be the family to receive the gift. As we drove the car to their house and handed them the keys, you could sense the humble gratitude in the heart of the father as he took possession of the vehicle. Trying to hide his emotions, he said, "Thank you so much! I will be driving this vehicle to my work tomorrow." We always watch with wonder how God connects the resources and takes care of the needs of so many people. He is quite often mutually transformational.

Everyone involved in this situation felt blessed, loved, and encouraged – the people who donated the car, the people who delivered it, and certainly the family who was on the receiving end.

HALFWAY ACROSS THE WORLD

Halfway across the world from Montana, another exciting thing has been happening. Pastor Paddy is our partner in Uganda. His heart for the poor, lonely, and lost won't let him stay idle. Even though he has had malaria two times in the last year and has recently gotten over typhoid, he continues to push forward. Every year around Easter, Paddy and his team conduct many outreaches in all the surrounding villages, offering people food and a message to listen to. Hundreds of people show up. Most come because they're starving, and it's a chance to get a free meal. But as they sit on the ground, savoring the provisions, they listen to a message of an everlasting provision for the heart. No matter their situation, they walk away filled both physically and spiritually,

rejoicing over the good news they just heard. We get to participate in this wonder by sharing the little God has blessed us with and seeing it affect many, like the poor in Uganda.

What a privilege it is to be God's conduit. What a privilege it is to have all of you, dear friends, as a part of this exciting task. Wherever we are and whatever we have available, whether it be a kind word, a listening ear, a helping hand, a financial blessing... let's leverage it all for God. It is the most wonderful way to live our lives and we will never regret it in the end.
